Macy's
VICS Document Mapping

VICS Version 4010
Effective 06/01/07

The following is an outline of what will be provided when transmitting VICS 850 Drop Ship Purchase Orders to a vendor. For definitions of the segments, please see the VICS retail industry conventions and guidelines for EDI.

Purchase orders will be sent in VICS 850 Spreadsheet, extended format.

The following segments are based on VICS 4010. Refer to individual manuals for differences in standards.

Please refer to the Macy's routing guide for routing/shipping instructions. For routing information, call (678) 406-7200.

Note: Functional Acknowledgments are required from vendors for all documents sent by Macy's.

In lieu of the Purchase Order change document (860), vendors may receive a retransmission of Purchase Order numbers that includes changes. Please note, duplicate transmissions will be flagged by 07 in the BEG01 segment. Do not double ship.

To test this document, contact the divisional EDI contact listed on the cover of the mapping guide or on the Macy's Technology Contact Listing.
