NOTICE TO VENDORS  
PROCESS CHANGE FOR ALL LTL SHIPMENTS GOING TO A MACY'S 1:1 DC

Effective January 3, 2011 it is no longer necessary for your shipping department to call for pickup for freight going to the Macy's 1:1 Distribution Centers listed below. Instead, Macy's will send the EDI 204- Motor Carrier Shipment Information document to facilitate the freight pick up at your Distribution Center.

Please keep in mind that the pick-up will be scheduled based upon the Ready to Ship (RTS) date for which you have submitted. It is imperative that the goods are ready for pick-up by that date, without exception.
