NOTICE TO VENDORS
EDI 856/ASN

Over the next several weeks our Distribution Centers will be working extended hours. In order to speed merchandise to Macy's selling floor, this requires:

- All EDI 856/ASN documents to be transmitted immediately after the truck door has closed. This allows the ASN to be available for Macy's Distribution and Consolidation Centers
- All EDI 856/ASN documents to be 100% accurate, include all Macy's required segments and match the carton contents down to the U.P.C, GTIN or EAN level
- All EDI 856/ASN documents to contain a valid Purchase Order Number
- ALL UCC 128 labels to be compliant with label format and reflect the Macy's DC name and address in zone B
- One ASN per Macy's Division, BOL and Ship to DC
- All freight must be loaded in the trailer sorted and segregated by Macy's Distribution Center. LTL shipments loaded on pallets and truckload shipments floor loaded.

Please contact the Macy's EC Technology Department at 513-782-1873 or 513-782- 3182 with any questions or concerns.
