

Notice to All Vendors

October 28, 2008

Effective October 28, 2008, mapping specifications for the 5010 VICS version will be available on <http://www.macysnet.com>. The 5010 VICS version is in addition to the VICS EDI 4010, 4030, and 4050 versions that we currently trade.

After reviewing our new 5010 mapping specifications, you will have the opportunity to migrate the current VICS documents you now trade with Macy's and Bloomingdale's to 5010. For your convenience, here is a link to our Vendor migration form, <http://www.macysnet.com/Edi/forms/vendor5010migration.htm>.

Please make the foregoing information available to all appropriate personnel in your organization and feel free to contact the EDI Support team, at 678-474-3595 with any questions you may have.
