

## Macy's North and Macy's Midwest Home Store Update

October 18, 2006

Dear **Home Store** Vendor,

As you know, Macy's Home Store has been working toward improving our customer shopping experience and marketing support for the Home Store. We have been focusing on integrating the 275 former May Company stores into the Macy's Home Store operation. This is a very complex process and with that in mind we have decided to **delay** the integration of the Macy's North (MNO) and Macy's Midwest (MMW) Home Store departments until **spring of 2008**. We will continue to run the existing Home business from MNO and MMW until spring 2008, at which time all Home Store departments will be purchased through the Home Store division (MCH). The store listings as well as the **EDI qualifier IDs** have been updated to reflect these changes. As always, throughout our integration process the **purchase order (PO) is your guide** as to when, where and how you are to ship the merchandise. Your inbound EDI ASN (856) and invoice (810) must be sent to the corresponding mailbox from which the original EDI PO (850) was generated, regardless of the ship window.

As part of the conversion, which is effective February 4, 2007, MNO and MMW will be realigning their department numbers, including home departments, to reflect the current Federated department structure. Be aware that purchase orders for MNO and MMW may be received from the new Federated Sender/Receiver IDs as soon as October 30. MNO and MMW may also issue purchase orders from the current May systems with ship dates after the February 4, 2007 conversion.

Please continue to call Vendor Services at 513-782-1412 with any questions you may have regarding this change or any questions involving the Federated-May integration. Please make note of the number and communicate to appropriate parties within your organization.

Continue to monitor [www.fdsnet.com](http://www.fdsnet.com) for all operation updates and information.
