Dear Vendor:

As you know macysnet is our communication resource for the vendor community. Please make certain that all appropriate personnel in your company become familiar with macysnet and visit the site regularly for updates. We also want to encourage any vendors who either have not registered or who have not made certain that all of their appropriate and necessary personnel have been identified and added as authorized users for your company. It is important that appropriate executives be able to access macysnet and facilitate the necessary exchanges of information that will improve our ability to work together to our mutual benefit.

Contact the Vendor Services help desk at 513-782-1412 with any questions. Thank you for your attention and support.
